Please be advised of the following:

~The summer is fast approaching and it is time to think about your need for a summer credit union withdrawal. To calculate the amount of money you will have available for your summer withdrawal, use the following formula. This formula will give you your balance as of your last *full* paycheck.

Formula: look at the enclosed statement, add 3 more deductions to your payroll deductions, subtract 6 loan payments (if you have a loan with us). This is the amount you will have available to withdraw for summer money.

~If you are planning on taking a loan for the summer, please start the process soon. Just as a reminder, you can borrow up to \$30,000 with a cosigner and up to \$10,000, which may not require a cosigner. Send your loan application to the credit union along with 2 current pay stubs and also send 2 pay stubs for your cosigner.

~To make your summer withdrawal, please send the withdrawal slip, at the bottom of this sheet, to the credit union. Checks will be sent to you through interoffice mail and should arrive approximately on June 12th.
